**Contractor** – Jeff Murray Construction

**Sub Contractor** – High Mulie Concrete

**Concrete Producer** – Jack B. Parson Companies

**Material Supplier** – Jack B. Parson Companies

**Applicator** – High Mulie Concrete - Justin Phillips

**Total Area** – 14,000 ft<sup>2</sup>

### PRODUCTS FEATURED

**Color-Crete**

Admixture for Color Conditioned Concrete

### SCOPE OF PROJECT

- 14,000 ft<sup>2</sup> driveway with no cracking
- Exposed concrete with stamped borders

### PROJECT SUMMARY

Jack B. Parson Companies delivered 450+ yd<sup>3</sup> of **Color-Crete** through our **Color-Matic II** system to this home in Park City, UT. The homeowner wanted to replace their old asphalt driveway with new concrete. The project consisted of installing all new concrete with stamped borders and a snow melt system for winter conditions. The driveway features a two-tone finish using the same color.
